

Asphalt & Quarries

Asphalt & Quarries

ABOUT US

With over five decades of experience in road construction our Asphalt Operations and Quarries Group is an asphalt industry leader.

At the heart of our operations lie our two quarries in Mount Coot-tha and Bracalba, providing millions of tonnes of quarry products each year.

We pride ourselves on being a best practice integrated supplier with a thorough understanding of our clients' needs.

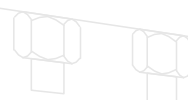

The Asphalt Operations and Quarries Group provide a wide product range, including special blends for freeways, highways and other major roads.

OUR ADVANTAGE

Our wide product range consistently delivers high performance results. With state-of-the-art asphalt plants we can operate 24/7 to meet the needs of private and government clients, including Queensland's Main Roads Department.

Our road surfacing teams are expert in all aspects of asphalt and civil construction projects, laying around one million square metres of roadway each year.

For decades the Asphalt Operations and Quarries Group has created innovative solutions for the local and regional road network of Queensland.

“ I believe that the Asphalt Operations and Quarries Group is second to none. We do not consider it just a supplier but more as a partner working with the MCQ Group. ”

Director of MCQ Group Craig Althaus.

OUR SERVICES AND PRODUCTS

We offer integrated services and an extensive product development program to ensure exceptional performance. We customise our projects to clients' needs and offer the following:

- >> Asphalt manufacture
- >> Asphalt laying capability
- >> A full range of asphalt mixes, including BCC and Main Roads mixes, SMA, PMB, open grade, sand sheet and cold mix
- >> National Association of Testing Authorities (NATA) approved testing and design service
- >> Profiling/cold planing

QUARRY PRODUCTS

Mount Coot-tha Quarry

- >> Significant deposits of high-grade hornfels rock

Bracalba Quarry
